

*Harley's initial owner moved and left him behind so he was on his own for many months. A good samaritan used a life trap to catch him and realizing that he is a friendly fellow, asked if Cause for Paws could foster him. And here he is. He is a big guy, estimated to be about 2 to 5 years old, and is felv/fiv tested negative, is vaccinated, neutered and will be having a dental procedure to remove a broken tooth. Harley is good with other cats but hasn't met dogs yet, at least not in his foster home. Harley will be ready for a new home in mid May, after fully recovering from his dental.*
